

OBJECTIVE

Computer Engineering student seeking an opportunity to gain practical training, enhance technical knowledge, and develop professional skills in the fields of IT and Computer Engineering. Possesses foundational skills in programming, MySQL, Java, HTML, CSS, and computer hardware, with a strong willingness to learn and contribute effectively in a professional environment.

EDUCATION

Polytechnic University Of the Philippines - Institute of Technology <i>Diploma In Computer Engineering Technology</i>	2024 - Present
St. Benedict School of Novaliches <i>STEM Strand</i> <i>With Honor</i>	2022 - 2024

PROJECTS

- Robot-line Follower 2026**
Arduino Uno | C/C++ | L298N Motor Driver | IR Sensors | TCS3200 Color Sensor
 - Designed and developed an autonomous line-following robot using Arduino Uno, infrared sensors, and motor control systems.
- Blood Bank Management System 2026**
Java Swing | MySQL | JDBC
 - Developed a desktop-based Blood Bank Management System to manage donor records, blood inventory, and donation history.
 - Implemented CRUD operations, donor eligibility checking, search functionality, and automated status evaluation based on donation dates.
 - Designed a user-friendly graphical interface with real-time table updates and data validation for efficient blood bank operations.
- Hospital Management System 2026**
Java Swing | MySQL | JDBC
 - Developed a comprehensive Hospital Management System featuring modules for patient management, appointments, billing, laboratory, pharmacy, and medical records.
 - Implemented role-based access control for administrators, doctors, nurses, and patients to ensure secure and efficient system operation.
 - Designed reusable UI components and integrated search, refresh, and CSV export functionalities to improve usability and maintainability.
- St. Benedict School of Novaliches Website 2024**
HTML | CSS | JavaScript | PHP | MySQL
 - Designed and developed the front-end interface using HTML, CSS, and JavaScript to create a responsive, visually appealing, and user-friendly experience.

TECHNICAL SKILLS

- Programming Java, HTML, CSS, SQL
- Computer Troubleshooting
- Disassembling/assembling Computer
- Ethernet cable crimping
- Installing Windows Operating System
- Breadboarding

CERTIFICATES

- Computer System Servicing NC II - TESDA
- Database Management System 1 - ORACLE
